

Local Match Requirements for all Contract Providers

- I. Original documentation of local match is required for Older Americans Act (federal) or state funding. The match amounts are determined by formula for each service category. The local match dollars may be cash, in-kind resources, or a combination of both.
 - A. **Title III-C** and **State Nutrition** funds use the following formula for computing the local match:
 1. A match ratio of 90% federal or state funds to a 10% local match that may be either all cash, all in-kind, or a combination of both.
 - a. Formula: Requested AAA 1-B Funding, divided by 90%, then multiplied by the 10%.

Note: Contractors are not required to match NSIP funding.
 - B. **Grandparents Raising Grandchildren** funds use the following formula:
 1. A match ratio of 90% federal or state funds to a 10% local match that may be either all cash, all in-kind, or a combination of both.
 - a. Formula: Requested AAA 1-B Funding, divided by 90%, then multiplied by the 10%.
 - C. The remaining **Federal** and **State Social Services** funds use the following formula:
 1. A minimum match ratio of 80% federal or state funds to a 20% local match. Of the 20% local match, a minimum of three-quarters (3/4) must be cash. The remaining one-quarter (1/4) can be cash, in-kind, or a combination of both.
 - a. Formula: Requested AAA 1-B Funding, divided by 80%, then multiplied by the 20%.
- II. If **additional federal or state funding** becomes available for expanding services during the contract year, contractors may provide all in-kind match, if unable to secure further cash resources for the additional funds. Contractors requesting all in-kind match for the additional funds must document their inability to secure

further cash resources. In subsequent years, the local cash to in-kind match ratio will revert back to the proportions included in the original contract.

For additional information regarding local match and documentation of in-kind, please refer to page V-28 for social services or call the AAA 1-B Fiscal Manager.
