

MANDATORY APPLICANT WORKSHOP AND TECHNICAL ASSISTANCE

The Area Agency on Aging 1-B (AAA 1-B) will be hosting a mandatory Applicant Workshop on Tuesday, April 5, 2022. The workshop will be held in-person at the Troy Community Center (Troy, MI), with the option to attend virtually. In-person attendance is strongly suggested, however, due to capacity limitations, in-person participation will be limited to two people per organization. Registration for in-person and virtual attendance is required by March 29th. Register for the workshop at: <https://tinyurl.com/1BRFPWorkshop>.

Organizations who choose not to participate in the workshop, either in-person or virtually, may not apply for funding for the FY2023 - FY2025 contract cycle. Specific funding amounts allocated for each service will be made available during the workshop.

Following the Applicant Workshop, AAA 1-B staff will be available to assist with technical support or to answer questions related to the application process. All questions should be directed to AAA 1-B key program and finance manager(s), Monday – Friday, 8:30 a.m. – 4:30 p.m. Please reference the Key Program and Finance Staff Contacts list, found on the AAA 1-B website, for the appropriate contact person.
